# June Bugs – some facts

- **Nobody can figure out why they're hanging around your electric lights**

Scientists have no explanation for the June bug's manic attraction to electric lights.

Late May and early June is mating season. The June bugs have just weeks to reproduce. Then they die.

- **June bugs spend most of their lives underground**

The white, grub-like larva of the June bug lives in soil for up to three years.

They love nice green lawns.

- **They have an extra set of wings, but they can't fly**

These notoriously bad flyers actually, have two sets of wings.

Only one of those pairs provides what scientists call lift.

Given their manic attraction to light, June bugs quickly exhaust themselves, and they collapse belly up

- **That floundering June bug is somebody's dinner**

June bugs that crash to the ground become an important source of food for birds and mammals.

That includes crows, blue jays, skunks and raccoons.

- **June bugs are beetles**

June bugs are members of the vast and diverse group of insects we call beetles.

Beetles have been around 230 million years. That's older than the dinosaurs.

One in four of all animals now living is a beetle.

Dear Parents and Carers,

Today, we all watched Dyson class as they performed their musical medley to the school, on the stage, in the hall. They have been rehearsing with a music teacher in preparation for The Festival at The Derngate on Tuesday evening. I was so impressed to see their confidence and self assurance that they had whilst performing; each child in time and ready to support their peers to ensure the performance was excellent. Five weeks ago, the children were naturally worried and nervous about this event and the complex music that they had to learn and perform, and today they shone with confidence. We were all so proud of them. The audience of children and staff were engrossed in the performance and gave the class a standing ovation! How wonderful that we have children with such perseverance, drive and determination, along with children who show their happiness and appreciation to their friends.

I hope you have a lovely weekend and I look forward to seeing you on Monday.

Mrs Fennelly

## Weekly Poster

**This week our poster celebrates each child and how amazing they are. In addition, it was lovely for the children to hear that their class, the day and the school is so much brighter because of them!**

# Parent Governor Vacancy

The local governing body carries out its role by helping to set the vision for the school and then ensuring that the school works efficiently and effectively towards achieving this vision by building a thorough knowledge of the school and local community, supporting and constructively challenging the school, and ensuring accountability and compliance.

Whilst experience of matters relating to education is useful, you do not have to be an expert on education to be a school governor. However, you will be asked to demonstrate skills and experience that will enhance governance of the school, a commitment to undertake training and a willingness to engage in the life of the school. You will need to set aside time to be able to be an effective governor: time to prepare for meetings, visit the school and undertake training.

If you would like to find out more about being a governor at our school, please email your contact details to [info@simondesenlis.org](mailto:info@simondesenlis.org) and they will be passed on to Charlotte Rickards, Chair of Governors, who is more than happy to have a conversation and answer any questions you may have.

If you would like to stand for election as a parent governor, please complete the nomination form available from the office. If you wish to nominate another parent, please obtain their permission first. **Application forms should be returned by Tuesday 25th June 2024**

## Think of the Week

## Set for a Soggy Summer?

While the UK is no stranger to wet weather, some forecasters are predicting a seriously soggy summer which could see fifty days of rain. That is ten more days of rain than the country had last summer. In order for a day to be classed as 'rainy,' there must be a minimum of 2.5mm of rainfall within 24

hours. So far, the wettest UK summer on record was in 1912, over 110 years ago. That year saw fifty-five days of rain during the three-month summer period. The beginning of this year has indeed seen widespread rainfall in the UK, and it is thought that climate change may be behind this. As the climate warms, the atmosphere is able to hold more moisture, which can lead to higher levels of rainfall. However, in recent days, the Met Office have dismissed the precipitous predictions saying, 'It's not possible to forecast a specific number of days of rain in the UK for a whole season.' So, it looks like we might just need to wait and see – and keep our fingers crossed!

## Bubbl-icious

Have you ever tried bubble tea? Even if the answer is no, you have almost certainly heard of it, as the cutesy drink has gained much popularity over recent years. Also known as pearl milk tea or boba, the drink originates from Taiwan. The typically cold drink is traditionally made using black tea, milk, sugar, ice and the famous bubbles, which are called tapioca pearls. The pearls are soft and chewy and are made by mixing a starchy substance, called tapioca, with water and brown sugar. The drink's popularity has gone from strength to strength thanks to users sharing their love for bubble tea on social

media. As the super-cool beverage has travelled around the world, different variations of the drink have evolved, including the use of syrups, jellies and new flavours, such as matcha, jasmine, mango, passionfruit and so many more! The drink even has its own emoji! 🧋

### Can the voices of the young be as powerful as those of adults?

*I believe that we all need to make our opinions heard. If we feel strongly about something, we must let other people know. Anita*

## Chasing Cheese

The world-famous Cooper's Hill Cheese Chase was back this year! The annual cheese-rolling event is held at the near-vertical Cooper's Hill, in Gloucester, England, and involves competitors chasing after a wheel of Double Gloucester cheese. The cheese is rolled down a steep embankment, and the winner is the first person down the hill! Very few of the entrants remain on their feet, with most falling and tumbling down the 180-metre hill. The much-anticipated Spring Bank Holiday event includes men's and women's downhill races, as well as adult's and children's uphill races. Only 25 people are allowed to enter each downhill race, and they do so at their own risk as many people sustain injuries whilst competing! The winner of each race receives an 8lb (3.6kg) Double Gloucester cheese wheel, the honour of being called a Cheese Champ, and the admiration of the thousands of spectators, who watch the event live or stream it! Although cheese rolling has been around for much longer, the first

races at Cooper's Hill are thought to have been held in 1826! Abby Lampe, from North Carolina in the USA, is the 2024 women's champion and also won the race in 2022. Abby gave the advice of, 'Be the cheese! You just have to roll. There's a little bit of pain, but it's just going to be temporary.' Other English extreme traditional races include the Tetbury Woolsack Races, where racers carry a heavy woolsack, weighing up to 27kg, around a course.

## Flamingo Lays First Egg Aged 70

A 70-year-old flamingo has surprised many by laying an egg for the first time ever this spring! Gertrude lives at Pensthorpe Nature Reserve in Norfolk, UK, part of a flock of around sixty flamingos. Although her egg is not fertile or viable so it will not hatch, staff say that it is a great indication of how happy and healthy Gertrude is. Ben Marshall, from Pensthorpe Nature Reserve, said, 'This has still been a fantastic experience for Gertrude to display her maternal instincts, partner up, and sit on a nest along with the rest of the flock. Whilst Gertrude won't have an egg to hatch this year, lots of our other flamingos are due to hatch their flaminglets in a few weeks. We know that Gertrude is very protective of the young in the flock and will make a great

aunt and babysitter of the impending young.'

**Did you know that baby flamingos are called flaminglets? They also learn to swim very early – not long after they have learned to walk! Do you know any more flamingo facts?**

**Can the voices of the young be as powerful as those of adults?**

*I think it is more difficult for children to make their voices heard. Adults can use social media!*

# TAKEHOME

10th - 16th June

Is voting the best way to change things?

## In the news this week

Prime Minister, Rishi Sunak, has announced that a UK general election is to take place on 4<sup>th</sup> July. He made the announcement in a press conference outside 10 Downing Street. Parliament was dissolved on Thursday 30<sup>th</sup> May, and the members of Parliament have returned to being members of the public. Many are campaigning to be re-elected. A general election is when people over 18 can vote for who they want to represent them in the UK parliament. It could mean a new government party and new leader for the UK this summer.

### Things to talk about at home ...

- > What do you know about general elections? Ask someone older at home to recall previous elections.
- > Many people have come forward to say they'd like to see changes with how the country is run. Can you think of a positive change the government could make?
